

# Reflection Of Youth – EERA

Please  
Make love to me  
I need  
Some weight on me  
Two sins turns into one  
Our sweaty bodies as both?  
Your tongue follows the path of my spine  
I'll get down on my knees  
Pull me in  
Make me feel old  
Our love's tear  
Will be my reflection of youth  
Lay still  
I know I don't want you to move  
Take me now  
You have to believe in it  
Take me now  
You have to believe in it  
Scream my name with pride  
I'm in for you  
Scream my name with pride  
I'm in for you  
Scream my name with pride  
I'm in for you  
Please  
Make love to me  
Please  
Make love to me
