

# Suitcase – Emeli Sandé

Didn't see it coming  
No kind of warning  
I can't work out what I've done wrong  
His clothes are missing  
But his keys are still here  
Please somebody tell me whats going on  
My baby's got a suitcase  
He's telling me its too late  
But don't nobody, please don't ask me why  
'Cause all I did was love him  
But I can't stop him walking  
My baby's got a suitcase  
But please don't ask me why  
What changed so quickly?  
Answer me!  
If you must kill me then please,  
Please tell me why  
He said "Don't touch me, Get out the way"  
Will someone tell me what's going on tonight  
My baby's got a suitcase  
He's telling me its too late  
But don't nobody, please don't ask me why  
'Cause all I did was love him  
But I can't stop him walking  
My baby's got a suitcase  
But please don't ask me why  
I cant stop my heart leaving through the door  
I cant unpack my heart  
'cause he won't look at me anymore  
My baby's got a suitcase  
He's telling me its too late  
But don't nobody, please don't ask me why  
'Cause all I did was love him  
But I can't stop him walking  
My baby's got a suitcase  
But please don't ask me why

My baby's got a suitcase  
He's telling me its too late  
But don't nobody, please don't ask me why  
'Cause all I did was love him  
But I can't stop him walking  
My baby's got a suitcase  
But please don't ask me why
