

# We Are The People – Empire Of The Sun

We can remember swimming in December  
Heading for the city lights in 1975  
We share in each other  
Nearer than father  
The scent of a lemon drips from your eyes  
We are the people that rule the world  
A force running in every boy and girl  
All rejoicing in the world  
Take me now, we can try  
We lived an adventure  
Love in the summer  
Followed the sun until night  
Reminiscing other times of life  
For each every other  
The feeling was stronger  
The shock hit eleven,  
Got lost in your eyes  
I can't do well  
When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?  
I can't do well  
When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?  
Can you remember and humanize  
It was still where we'd energized  
Lie in the sand and visualize  
Like it's '75 again  
We are the people that rule the world  
A force running in every boy and girl  
All rejoicing in the world  
Take me now, we can try  
I can't do well

When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?  
I can't do well  
When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?  
I know everything about you  
You know everything about me  
We know everything about us  
I know everything about you  
You know everything about me  
We know everything about us  
I can't do well  
When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?  
I can't do well  
When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?  
I can't do well  
When I think you're going to leave me  
But I know I try  
Are you going to leave me now?  
Can't you be believing now?
