

# Amarantine – Enya

You know when you give your love away  
It opens your heart,  
Everything is new  
And you know time will always find a way  
To let your heart believe it's true  
You know love is everything you say;  
A whisper, a word,  
Promises you give  
You feel it in the heartbeat of the day  
You know this is the way love is

Amarantine

Amarantine

Amarantine

Love is

Love is

Love

Amarantine

Amarantine

Amarantine

Love is

Love is

Loovve

You know love may sometimes make you cry,

So let the tears go,

They will flow away,

For you know love will always let you fly

How far a heart can fly away!

Amarantine

Amarantine

Amarantine

Love is

Love is

Love

Amarantine

Amarantine

Amarantine

Love is

Love is

Love

Amarantine

Amarantine

Amarantine

Love is

Love is

Loovve

You know when love's shining in your eyes

It may be the stars

Fallen from above

And you know love is with you when you rise,

For night and day belong to love
