

Amarantine – Enya

You know when you give your love away
It opens your heart,
Everything is new
And you know time will always find a way
To let your heart believe it's true
You know love is everything you say;
A whisper, a word,
Promises you give
You feel it in the heartbeat of the day
You know this is the way love is

Amarantine

Amarantine

Amarantine

Love is

Love is

Love

Amarantine

Amarantine

Amarantine

Love is

Love is

Loovve

You know love may sometimes make you cry,

So let the tears go,

They will flow away,

For you know love will always let you fly

How far a heart can fly away!

Amarantine

Amarantine

Amarantine

Love is

Love is

Love

Amarantine

Amarantine

Amarantine

Love is

Love is

Love

Amarantine

Amarantine

Amarantine

Love is

Love is

Loovve

You know when love's shining in your eyes

It may be the stars

Fallen from above

And you know love is with you when you rise,

For night and day belong to love
