

Ready or Not – Europe

Ready or not
Ready or not but I waste no time
I'm headin' out with some friends of mine
Holdin' on to what we've got
Oh even if we're ready or not
Ready or not but they're back in town
The word is out but this time around
They'll be lettin' go with all they've got
Oh even if we're ready or not
Rock me till I hit that floor
Rock me till I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more
Ready or not
Ready or not but for all I know
We'll be hangin' on till it's time to go
We're always there with all we've got
Oh even if we're ready or not
Ready or not but I waste no time
I'm headin' out with some friends of mine
Holdin' on just to what we've got
Oh even if we're ready or not
Rock me till I hit that floor
Rock me till I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more
Ready or not
Oh rock me till I hit that floor
Oh yeah rock me till I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before

Then rock me just a little more yeah
Rock me till I take no more
Oh rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more
Ready or not
