Forgive Me – Evanescence

Can you forgive me again?
I don't know what I said
But I didn't mean to hurt you
I heard the words come out
I felt like I would die
It hurts so much to hurt you

Then you look at me You're not shouting anymore You're silently broken

I'd give anything now
To hear those words from you
Each time I say something I regret
I cry I don't want to lose you
But somehow I know that you will never leave me, yeah

'Cause you were made for me Somehow I'll make you see How happy you make me Oh...

I can't live this life Without you by my side I need you to survive

So stay with me You look in my eyes And I'm screaming inside that I'm sorry

And you forgive me again You're my one true friend And I never meant to hurt you
