

# The Runner – Foals

Shadow, see how far I go  
Step by step I'll keep it up, I won't slow, I gotta go  
Through the embers, through the rows  
Every shadow step I take,  
I'll make sure that I won't break  
Show them all just what I know  
While the years they come and go,  
I won't let myself get slow  
'Cause they all just come and go  
Every step that I will take,  
I'll make sure that I won't break  
Oh, if I fall down, fall down  
Then I know to keep on running  
Oh, if I fall down, fall down  
Then I know to keep on running  
And if it hurts don't let it show  
Step by step I'll keep it up, I won't slow I gotta go  
While the seasons come and go  
Every shadow step I take,  
I'll make sure that I won't break  
Shadow chiaroscuro  
While the years they come and go,  
I won't let myself get slow  
When I, when I fall down, fall down  
Then I know to keep on running  
Oh, when I fall down, fall down  
Won't you come to keep me running?  
Yeah, I keep on running  
Well, I keep on running  
Loneliness of the long distance runner  
Shadow, come closer, so I'll go on further  
Loneliness of the long distance runner  
Shadow, come closer, so I'll go on further  
Loneliness of the long distance runner  
Shadow, come closer, so I'll go on further  
Loneliness of the long distance runner

Shadow, come closer, so I'll go on further  
Oh, when I fall down, fall down  
Then I know to keep on running  
Oh, If I fall down, fall down  
Then I know to keep on running  
Fall down, when I slow down  
Slow down  
Oh, slow down  
When I fall down, oh  
We keep on running  
And we keep on running  
And we keep on running
