

# Forever – Loreen

I see a sky of colors  
Floating above a sea of gray  
It kinda blows me away  
(-----)  
I'm in an ocean of us  
All my emotions come in waves  
I think I need you to stay  
(-----)  
I'm melting, you felt it transcending  
A touch of you and I'm breathless  
Heart's restless, love's endless  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love,  
Give me love,  
Come on, hold me  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love,  
So I'll never be lonely  
(You make me feel like for-)  
(-----)  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love,  
Give me love,  
Come on, hold me  
(-----)  
A moment of wild obsession  
I couldn't help but let you in  
And now you're under my skin, oh  
(-----)  
I'm melting, you felt it transcending

A touch of you and I'm breathless  
Heart's restless, love's endless  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love,  
Give me love,  
Come on, hold me  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love,  
So I'll never be lonely  
You make me feel like forever  
(-----)  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love,  
Give me love,  
Come on, hold me  
You make me feel like forever  
Give me love,  
Give me love,  
Give me love  
Give me love,  
Come on, hold me  
Hold me
