

# Something New – Girls Aloud

Go girls go, go, go, go, go  
We girls gonna take control  
You boys better know, know, know  
We girls gonna run this show  
Go girls go, go, go, go, go  
We girls gonna take control  
No, no  
We girls gonna run this, run this show

We girls gonna run this, run this show  
We girls gonna run this, run this show  
We girls gonna run this, run this show  
We girls gonna run this, run this show

All I want is something new  
Something I can hold on to  
I don't wanna talk  
I just wanna dance  
Baby let it drop  
Catch me if you can

We girls gonna run this, run this show

Down with the rhythm on another beat  
Gotta take that back what you said to me  
Never giving in when the sun's so high  
Gotta feel that heat when you call say bang  
Down with the rhythm on another street  
Gotta let this go 'cause I feel so free  
Never giving in 'cause I need you here, ah ah

Go girls go, go, go, go, go  
We girls gonna take control  
You boys better know, know, know  
We girls gonna run this show  
Go girls go, go, go, go, go

We girls gonna take control  
You boys better know, know, know  
We girls gonna run this, run this show

All I want is something new  
Something I can hold on to  
I don't wanna talk  
I just wanna dance  
Baby let it drop  
Catch me if you can  
'Cause we're the leaders of the pack

Take a walk on the wild side of life, life  
Take a walk on the wild side of life, life  
Bring it back to the other side

Feel the beat deep underground  
Boy tonight it's getting loud  
We can go, go anywhere  
We don't care, let me take it higher  
We can do, do anything  
Play the game and maybe you'll win  
Boy tonight you can't hold me back  
Do what I want yeah I like it that

All I want is something new  
Something I can hold on to  
I don't wanna talk  
I just wanna dance  
Baby let it drop  
Catch me if you can

All I want is something new  
Something I can hold on to  
I don't wanna talk  
I just wanna dance  
Baby let it drop  
Catch me if you can

'Cause we're the leaders of the pack

Boy you better watch your back  
We're the leaders of the pack  
Tell me can you handle that  
We're the leaders of the pack  
Boy you better watch your back  
We're the leaders of the pack  
Tell me can you handle that  
'Cause we're the leaders of the pack  
(born leaders)  
Boy you better watch your back  
(born leaders)  
We're the leaders of the pack  
(born leaders)  
Tell me can you handle that  
(born leaders)  
We're the leaders of the pack  
(born leaders)  
Boy you better watch your back  
(born leaders)  
We're the leaders of the pack  
(born leaders)  
Tell me can you handle that  
(born leaders)  
'Cause we're the leaders of the pack
