

Paradise Lost – Grant Stevens

You shattered my world on cue
Shot an arrow through my heart
Blue is how I feel for You
Pulling my feelings apart
Now I'm wasted and crying longing for the
Time
Before paradise lost
Times when we were one have gone
Reminiscences now lost
I cry for everything I've done wrong
Now that I'm facing the cost
Now I'm wasted and crying longing for the
Time
Before paradise lost
Shaking my faith today
Entering my life getting your way
Now I'm wasted and crying longing for the
Time
Before paradise lost
Yes I'm wasted and crying longing for the
Time
Before paradise lost
Free is how you feel right now
No more chains around your heart
Me, I'll get over you somehow
Wearing my own thorny crown
Now I'm wasted and crying longing for the
Time
Before paradise lost
Shaking my faith today
Entering my life getting your way
Now I'm wasted and crying longing for the
Time
Before paradise lost
Yes I'm wasted and crying longing for the

Time

Before paradise lost
