

# Battle Scars – Guy Sebastian

The wound heals but it never does  
That's cuz you're at war with love  
You're at war with love, yeah

These battle scars, don't look like they're fading  
Don't look like they're ever going away  
They ain't never gonna change  
These battle

Never let a wound ruin me,  
But I feel like ruins ruin me  
Arrow holes, they never close,  
From cupid on a shooting spree  
Feeling stupid cuz I know,  
It aint no you and me  
But when you're trying to beat the odds up,  
Been trying to keep your nods up?  
And you know that you should know  
And let her go  
But the fear of the unknown,  
Holding another lover strong  
Sends you back into the zone  
With no Tom Hanks,  
To bring you home  
Another night of fighting  
On the frontline with a poem  
Trying to write yourself a rightful?  
Maybe chopping up a song?  
To fight the tank syndromes of you being alone

I wish I never looked  
I wish I never touched  
I wish that I could stop loving you so much  
Cuz I'm the only one,  
That's trying to keep us together  
When all of the signs say,

That I should forget her  
I wish you weren't the best  
The best I ever had  
I wish that the good outweighed the bad,  
Cuz it'll never be over,  
Until you tell me it's over

These battle scars, don't look like they're fading  
Don't look like they're ever going away  
They ain't never gonna change  
These battle scars don't look like they're fading  
Don't look like they're ever going away  
They ain't never gonna change  
These battle

You shouldn't have but you said it  
It shouldn't have happened but you let it  
Now you're down on the ground screaming medic  
The only thing that comes,  
Is the post-traumatic stresses  
Shields, body armors and vests don't properly work  
That's why you're in a locker full of hurt?  
The enemy within and all the fires from your friends  
The best medicine is probably just let her win

I wish I couldn't feel  
I wish I couldn't love  
I wish that I could stop cuz it hurts so much  
Cuz I'm the only one,  
That's trying to keep us together  
When all of the signs say,  
That I should forget her  
I wish you weren't the best  
The best I ever had  
I wish that the good outweighed the bad,  
Cuz it'll never be over,  
Until you tell me it's over

These battle scars, don't look like they're fading  
Don't look like they're ever going away

They ain't ever gonna change  
These battle scars, don't look like they're fading  
Don't look like they're ever going away  
They aint ever gonna change  
These battle

Cuz you've set me on fire  
I've never felt so alive, yeah

Hoping wounds heal, but it never does  
(That's becuz you're at war with love)

And I'm at the point of breaking  
And it's impossible to shake it, ohw

See, you hoped the wound heals, but it never does  
That's cuz you're at war with love  
Hope it heals, but it never does  
(Thats cuz you're at war with love!)

These battle scars, don't look like they're fading  
Don't look like they're ever going away  
They ain't ever gonna change  
These battle scars, don't look like they're fading  
Don't look like they're ever going away (never)  
They aint ever gonna change (never)  
These battle

These battle scars, don't look like they're fading  
Don't look like they're ever going away  
They ain't ever gonna change  
These battle scars, don't look like they're fading  
Don't look like they're ever going away (never)
