

# Who I Love – Guy Sebastian

Stop all this talk  
Where did it come from  
You're way off the mark  
We're not the problem  
It's life that is hard  
But we'll figure it out  
Stop tearing yourself apart  
Are you still what I want  
Let me give you the answer  
And pretty enough  
Are you're crazy for asking  
I still get a rush every time that we touch  
You're more than enough for me  
So don't fix yourself  
Cause nothing is broken  
There's no one else  
Who could even come close yeah I know  
I know you're a beautiful mess  
But that's who you are  
And that's who I love  
I won't let you go  
If you could see the way I see you  
You would know  
You could never make me love you less  
And yeah we're a beautiful mess  
But that's who we are  
And that's who I love  
Look where we've been  
Life's taken us places  
Beyond both our dreams  
Since we were 18  
Yeah we had each other  
Didn't matter  
What would come our way  
I needed you then and I need you today  
Yeah you're still what I want

And believe me when I say  
You're prettier now  
More than when we were crushin'  
I still get a rush every time that we touch  
You're more than enough for me  
So don't fix yourself  
Cause nothing is broken  
There's no one else  
Who could even come close yeah I know  
I know you're a beautiful mess  
But that's who you are  
And that's who I love  
I won't let you go  
If you could see the way I see you  
You would know  
You could never make me love you less  
And yeah we're a beautiful mess  
But that's who we are  
And that's who I love  
That's who I love  
That's who I love  
Yeah yeah yeah  
That's who we are  
That's who I love  
Multi-dimensioned with purest intentions  
That's who you are  
Sent from above always leading with love  
Yeah that's who you are  
And that's who I love  
So don't fix yourself  
Cause nothing is broken  
There's no one else  
Who could even come close yeah I know  
I know you're a beautiful mess  
But that's who you are  
And that's who I love  
I won't let you go  
If you could see the way I see you  
You would know  
You could never make me love you less

And yeah we're a beautiful mess  
But that's who we are  
God knows  
That's who I love  
That's who I love  
That's who I love  
That's who I love  
Yeah yeah yeah yeah  
That's who we are  
That's who I love  
That's who I love  
That's who I love  
That's who I love  
That's who I love
