

# Hemiplegia – Haerts

Slow slow slow  
Wade through water  
Numbed the lightness  
Words don't bother  
I cannot fight the sleep is droning  
Into the motion into the night  
Is it the glow that keeps you moving?  
Hemiplegia holds me tight  
Gold gold gold  
Burns our ocean  
Forced I sold  
My devotion  
I cannot fight the sleep is droning  
Into the motion into the night  
Is it the glow that keeps you moving?  
Hemiplegia holds me tight  
No you can't move up with your eyes down  
No you can't look up with your eyes down  
No you can't move up with your eyes down  
No you can't move up with your eyes down  
No you can't move up  
I cannot fight the sleep is droning  
Into the motion into the night  
Is it the glow that keeps you moving?  
Hemiplegia holds me tight  
I cannot fight the sleep is droning  
Into the motion into the night  
Is it the glow that keeps you moving?  
Hemiplegia holds me tight  
No you can't move up with your eyes down  
No you can't look up  
No you can't move up with your eyes down
