## Kiwi - Harry Styles

She worked her way through a cheap pack of cigarettes Hard liquor mixed with a bit of intellect And all the boys, they were saying they were into it Such a pretty face, on a pretty neck She's driving me crazy, But I'm into it, but I'm into it I'm kind of into it It's getting crazy, I think I'm losing it, I think I'm losing it I think she said "I'm having your baby, it's none of your business" "I'm having your baby, it's none of your business" (None of your, none of your) "I'm having your baby, It's none of your business" "I'm having your baby, It's none of your, it's none of your" It's New York, baby, always jacked up Whole tunnels, foreign noses always backed up When she's alone, she goes home to a cactus In a black dress, she's such an actress Driving me crazy, But I'm into it, but I'm into it I'm kind of into it It's getting crazy, I think I'm losing it, I think I'm losing it I think she said "I'm having your baby, it's none of your business" "I'm having your baby, it's none of your business" (None of your, none of your) "I'm having your baby, It's none of your business" "I'm having your baby, It's none of your, it's none of your" She sits beside me like a silhouette

Hard candy dripping on me 'til my feet are wet

And now she's all over me, it's like I paid for it It's like I paid for it, I'm gonna pay for this It's none of your, It's none of your baby, it's none of your business" "I'm having your baby, It's none of your business" (It's none of your, none of your) "I'm having your baby, It's none of your business" (It's none of your business" "I'm having your baby, It's none of your business" (It's none of your business" (It's none of your, none of your)
