

Brighter – Hazbin Hotel

That's it for today,
And remember,
Trust us with your weather
Rome wasn't built in a day
You gotta climb a little higher
To the top of the display
Where there's a will, there's a way
You just gotta slit a throat or two
To make the weak obey
Today we mourn the loss of one of our own
But our commitment to the truth
Is as strong as ever
Remember, trust us with your news
If you want it, just take it
The world's yours, don't waste it
Go make the stars align
To shine brighter
Brighter than the
Heavens in the skies above
You'll be
Brighter
Going supernova, all the eyes look up
Brighter
And a big thank you to my producers
For giving me this chance
I know I have some mighty big shoes to fill
But I promise,
You can trust me with your entertainment
It's not a shot in the dark
Not up to chance if you've got plans
You'll cancel every question mark
Fish like to swim next to sharks
Yeah, you eat or you get eaten
And you're feasting on their hearts
They're calling me a God, bob
You gotta strike while the iron's hot

Leave the channel to me,
I'll bring in more new blood that
You'll know what to do with
Come on, trust me with your network
To shine brighter
Brighter than the
Heavens in the skies above
You'll be
Brighter
Going supernova, all the eyes look up
Brighter
The other studios want to
Feed you the same old crap
Everyone's seen before, you want newer
You want bigger, you want
Brighter, I will be your voice
And we will redefine
What it means to rule the airwaves
Trust me and your future will be brighter
Now who's ready to be
Baptized into a new era of entertainment?
Brighter
Finally, I'll show them what
I meant to be
They won't believe their eyes when
I bring them to their knees
To worship me
Brighter
