

# Look My Way (Stolas) – Helluva Boss

It is expected  
An oath by blood to hold the tome  
And the starlight passes overhead  
Fuels all the skills I've honed  
I am a guardian  
A watcher of these ancient rites  
Yet I find myself drawn from that path  
On those dazzling moonlit nights  
Let me hold you  
Keep you close to me  
I long to hear your voice  
But dearest, I know better now  
I must give you this choice  
I can give you everything you need  
Or do you want to hear me plead?  
Just look my way  
Just look my way  
Is there something more that I don't know  
That you won't say till we both grow cold  
Just say:  
"Please stay"  
Look my way  
This unspoken contract  
A deed we forged for mutual gain  
If that's all this was, when you're not here  
What is this rooted pain  
I don't care that you're of lower station  
Or primed to sate my dark temptations  
Why can't you understand  
Let me explain  
That I'm terrified  
As I cry  
To make these feelings true  
What's left for me  
And my broken heart  
If I cannot have you

Unless it's me  
And no matter what in this world I could give  
It's not enough  
To get through the walls you've  
Conjured up to live  
Is this what you feel  
Scorned by a realm that cannot comprehend  
What you are  
So I'll grant you this mercy  
This bind on our souls need to end  
I will try to make amends  
For making you means to an end  
So look my way  
Please look my way  
If there's something more that I don't know  
I'll save us both  
Before we grow cold  
If you'll stay  
And just say  
"Look my way"
