

Hiding From Tomorrow – HOST

We're all the same
In this messed up game we play
Were all hiding from tomorrow
Time to face the end
Time to face the sorrow
Face tomorrow
We're all the same
In this messed up game we play
Were all hiding from tomorrow
Free the sane
Free from endless tears
Were all in fear
Senseless are the days forgotten
Never trust the ones who thrive on fear
Free the sane
Free from endless tears
Were all in fear
Senseless are the days forgotten
Never trust the ones who thrive on tears
Times to face the end
Time to face the sorrow
Face tomorrow
We're all the same
In this messed up game we play
Were all hiding from tomorrow
