

# Hiding From Tomorrow – HOST

We're all the same  
In this messed up game we play  
Were all hiding from tomorrow  
Time to face the end  
Time to face the sorrow  
Face tomorrow  
We're all the same  
In this messed up game we play  
Were all hiding from tomorrow  
Free the sane  
Free from endless tears  
Were all in fear  
Senseless are the days forgotten  
Never trust the ones who thrive on fear  
Free the sane  
Free from endless tears  
Were all in fear  
Senseless are the days forgotten  
Never trust the ones who thrive on tears  
Times to face the end  
Time to face the sorrow  
Face tomorrow  
We're all the same  
In this messed up game we play  
Were all hiding from tomorrow
