

# At the Speed of Love – Howard Jones

The way we feel right now  
Can pass like a thundercloud  
Time to be the friend of change  
All this suffering  
Seems like it will never end  
Soon the summer sun will shine again  
There's a victory in holding on  
In the seeing it through and arriving  
Stronger stronger  
Turn and face the storm  
Ready to transform  
Laughing down the fear  
The butterfly will appear  
The seed in winter's cling (Quote)  
Will surely see the spring  
And you will fly towards the moon  
At the speed of love  
I hope you realise  
That you don't have to compromise  
When it comes to being you  
You still are a specialty  
Unique a rarity  
There's stuff that only you can do  
I'll be the first in line to cheer you on  
See you make it through  
And arriving stronger stronger  
Turn and face the storm  
Ready to transform  
Laughing down the fear  
The butterfly will appear  
The seed in winter's cling  
Will surely see the spring  
And you will fly towards the moon  
Will fly towards the moon will fly  
Ready to transform  
Laughing down the fear

The butterfly will appear  
The seed in winter's cling  
Will surely see the spring  
And you will fly towards the moon  
At the speed of love
