

Susanne – Hubert KaH

I'm writing you a song
But you're so far away
A simple melody
To carry what I say
Susanne,
It's just to let you know
I think of you
Oh, I love you, Susanne
Writing it down
Making it clear
And time and distance separate
But they can never interfere
Oh, Susanne
And when it's through
This song's for you
A picture of your face
Is dancing in the air
And as I write the words
I feel so solitary
Susanne
It's just to let you know
I think fo you
Oh, I love you, Susanne
Writing it down
Making it clear
And time and distance separate
But they can never interfere
Oh, Susanne
Now it's through
This song's for you
