

# When We're Old – Ieva Zasimauskaitė

I know I'll never forget  
That day, the first time we met  
We've come a long way since then  
And we do it all again  
From your very first smile  
I knew that I'd walk a mile  
See, it's for real when you know  
You never wanna let go  
These are the reasons  
I want you to know  
You made this place feel like home  
These are the reasons  
I can't let you go, oh oh  
Let's sing a song that we wrote  
When we're old, ah ah  
When we're old, ah ah  
No matter what comes our way  
I feel like you're here to stay  
You were the right from the start  
And let me inside your heart  
After all this time  
I hate the sound of goodbye  
And if you leave a word  
These are the reasons  
I want you to know  
You made this place feel like home  
These are the reasons  
I can't let you go, oh oh  
Let's sing a song that we wrote  
When we're old, ah ah  
When we're old, ah ah  
Right from our very first kiss  
I knew it would end up like this  
I'm not afraid to grow old  
If I have your hand to hold
