

Team – Iggy Azalea

Look, turn me up, break the knob right
I get dressed like it's prom night
I feed them lemons in the limelight
They say i'm full, lost my appetite?!
(hell nah) keep on pushing like a dealer (say what?)
(hell nah) keep on shooting, reggie miller (say what?)
(hell nah) go and give 'em all the finger
You gotta set the score right, call it hans zimmer
My time wherever i go
I took a chance like i'm from chicago
100+ in that murcielago
Bout to go ape, hey! turn it to the cango

Baby, i got me
Baby, i got me
And that's all i need
Yeah that's all i need
Baby, i got me
Only friend i need
Playing on my team
Is someone like

Me, baby, no way
Watch me while i do my thing
Oh, baby, no way
Are you fucking with the team?

Outchea, pronto
Hit 'em with the dose, that's a combo
Running through ya block, no fumble
'bout to kill 'em all, where the shovel?
See i gotta go for mine
Benja-jammin' – that money on my mind
Jamaican club, i'm stayin' on the grind
Dutty wine, don't step on this land mine!
Ven aqui, andele

You tryna take flight? do what i say
100+ volts on the highway
Watch a new kardash, call me kylie

Baby, i got me
Baby, i got me
And that's all i need
Yeah that's all i need
Baby, i got me
Only friend i need
Playing on my team
Is someone like

Me, baby, no way
Watch me while i do my thing
Oh, baby, no way
Are you fucking with the team?

Are you workin' with some cash here, cash here?
100, 000 on the dash yeah, dash yeah
All the ladies shake it fast yeah, fast yeah
Now vogue on that ass, yup! yeah we in here

Are you workin' with some cash here, cash here?
100, 000 on the dash yeah, dash yeah
All the ladies shake it fast yeah, fast yeah
Now vogue on that ass, yup! yeah we in here

Baby, i got me
Baby, i got me
And that's all i need
Yeah that's all i need
Baby, i got me
Only friend i need
Playing on my team
Is someone like
