

Don't forget me – Imagine Dragons

After the party and people all fade
That's when I miss you the most
Try to forget you, but can't find the way
Guess that's just life, I suppose
But I miss you when you're gone
And I know that life moves on
But I can't just replace you
With this much regret
Please, don't forget about me
Just yet,
Don't for
Get me
Don't for
Get me
Just yet,
Don't for
Get me
Don't for
Get me
Remember when all that we had was your car?
Counting out quarters each night
Every day wondering towards our north star
Guess we got lost in the light
But I miss you when you're gone
So I wrote you one last song
But I can't just replace you
With this much regret
Please, don't forget about me
Just yet,
Don't for
Get me
Don't for
Get me
Just yet,
Don't for
Get me

Don't for
Get me
Just yet
Even when it's gone, yeah, we just hold on
After the years and the thousands of tears
Say it 'til nothing is left
I won't for
Get you
I won't for
Get you
So don't for
Get me
Don't for
Get me
(don't forget)
Don't for
Get me
Don't for
Get me
Just yet
(beggin' you,
promise me)
Don't forget me (ooh)
Just yet
Don't for
Get me
Don't for
Get me
Just yet
Just yet
