

# Come Clarity (Acoustic cover) – In Flames

Rushing through thirty  
Getting older every day by two  
Drawing pictures of innocent times  
Can you add colour inside these lines?  
I want you to lead me  
Take me somewhere  
Don't want to live in a dream one more day  
I want you to lead me  
Take me somewhere  
Don't let live in a dream one more day  
Sure, it would change my perspective  
I'm certain I would change today  
I'm certain it would change our ways  
Would things fall into place?  
I want you to lead me  
Take me somewhere  
Don't want to live in a dream one more day  
I want you to lead me  
Take me somewhere  
Don't let live in a dream one more day  
I want you to lead me  
Take me somewhere  
Don't want to live in a dream one more day  
I want you to lead me  
Take me somewhere  
Don't let live in a dream one more day  
Take me somewhere  
Don't want to live in a dream one more day  
Take me somewhere  
Don't let live in a dream one more day
