

# Beside you – James Blunt

I heard there's a song that God only knows  
And it's keeping me dancing

(Dancing, dancing)

Nobody here knows how the melody goes

But it's keeping

Me dancing (Dancing, dancing)

(Beside you)

Oh, Lord, here I go

I get the highs, but why the lows?

Set me up with all these souls

And I watch them fall like dominoes

Too long I been on my feet

Need more time, but it don't come cheap

Some day I'll be on my knees

And I pray my heart don't miss a beat

But here I am and I feel that rhythm

Miss the lifeline that I've been given

And all these colours in my head

And I ask myself, "Is it over yet?"

I heard there's a song that God only knows

And it's keeping me dancing

Nobody here knows how the melody goes

But it's keeping me dancing beside you

Beside you (x3)

Oh, Lord, here I come

Touch the sky and I kiss the sun

And when she fades, I know I might fall

But I won't care much 'cause I've seen it all

But here I am and I feel that rhythm

Miss the lifeline that I've been given

And all these colours in my head

And I ask myself, "Is it over yet?"

(Is it over yet?

Is it over yet? Is it over?)

I heard there's a song that God only knows

And it's keeping me dancing

Nobody here knows how the melody goes  
But it's keeping me dancing beside you  
Beside you (x3)  
No coming down,  
No coming down, no coming down  
Head in the clouds, feet  
Off the ground, no coming down  
(I hope there's a song)  
I heard there's a song that God only knows  
And it's keeping me dancing (Oh-oh)  
Nobody here knows how the melody goes  
But it's keeping me dancing beside you  
Beside you (x3)  
I heard there's a song that God only knows  
And it's keeping me dancing (Beside you)
