

Dance Alone – Jana Burčeska

Take down my hair, wash off my make-up

It's gonna be a one-man show

I gotta feel good in saturation

And I'm the only one who knows

I will dance alone wherever I am

The rhythm follows

I will dance alone, I'm lost in the sound

Holding on to my world

I let the pavement be my catwalk

I'll bring the fire and feel the heat

And all I need to keep on moving

Is the sound of my heartbeat

I will dance alone wherever I am

The rhythm follows

I will dance alone, I'm lost in the sound

Holding on to my world

I'll let it go

I, I, I'll let it go wild

I'll let it go

I, I, I'll let it go

I will dance alone wherever I am

The rhythm follows

Take me to places that I've never been

Show me the faces that I've never seen

I will dance alone wherever I am

The rhythm follows

I will dance alone, I'm lost in the sound

Holding on to my world (I will dance alone)

I'll let it go

I, I, I'll let it go wild

I'll let it go

I, I, I'll let it go wild

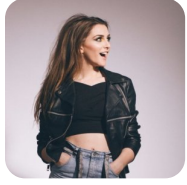

I'll let it go

I, I, I'll let it go wild

I'll let it go

I, I, I'll let it go wild

I'll be dancing on my own
Wishing you could hold me close
