

# Princess Castle – Jazmin Bean

Oops! I trusted someone  
Never again no more  
Oh, you wanna play house?  
Well, I'll be the daddy  
And you be the dog  
Is it true that you want a romance?  
So you knocking on every single bitch's door  
It's not the way to go and  
Now all of us know and  
Heard you're going 'round town  
Pulling heartstrings out and  
Leaving bitches blind  
Making them want some more  
Then you're chopping all of their  
Heads off in a line  
No, you're not even cute  
Surprised your only talent is spinning a lie  
I think that you should know  
You've got to fucking go, you  
Show's over, close the curtains  
You are not important  
To be honest you're quite boring  
You're a dying flower  
I'm the fucking florist  
You're the best  
I love you the most  
You wish!  
You're a complete joke  
At least I know now  
To trust no bitch, no hassle  
And new wall put up  
In my Princess Castle  
I'm a collectible bitch  
What the fuck made you think  
You could step in my toy shop?  
I do not need you one bit

What do you think this is?  
You're excused, I'm my own boss  
Don't need someone to make me feel royal  
Collect my crown  
Gotta run  
And I'm really sorry, baby but it  
Appears this castle is just made for one  
Ready or not!  
Here we come!  
You really fucked up  
Yeah, you did  
So you better run  
I'll surrender you to the knife  
'Cause you are my fucking wife  
This is our princess castle  
Baby, you got to go  
Show's over, close the curtains  
You are not important  
To be honest, you're quite boring  
You're a dying flower  
I'm the fucking florist  
You're the best
