

Do What You Do – Jermaine Jackson

I don't mind
Why don't you do what you do
When you did what you did to me?
Oh
Love was so good, it filled up all my needs
I was crazy for you
You were crazy for me
How could something so right go so wrong?
My love, sweet love
Why don't you say what you say
When you say what you said anymore?
Your eyes couldn't lie
So long, goodbye, close the door
I was crazy for you
You were crazy for me
How could something so right go so wrong?
My love, sweet love
Tell me something that I didn't do
Why did someone else have to pull you through?
Did they steal you away
Like a thief in the night?
Love like this must take flight
Why don't they play what they played
On the nights you danced with me?
Ooh, remember the one we made love to endlessly
I was crazy for you
You were crazy for me
And how could something so right go so wrong?
My love, sweet love, hoo
Hoo, hoo
Why don't you do what you do
When you did what you did to me? Oh
Do what you do when you did what you did to me, oh
Do what you do when you did what you did to me, oh
