

# Don't wait – Joey Graceffa

I know you've got a strong heart  
It's written in the stars  
Behind the castle walls  
You've hid your light  
But when you let the past go  
Your story unfolds  
Look out your window  
Into the night  
The darkness can be such a lonely place on your own  
I'll be your compass so you'll never feel alone  
Don't wait for the world to be ready  
Who says you can't explore  
Who says you can't explore  
Don't wait for the world to be ready  
Find what you're looking for  
Find what you're looking for  
Are monsters in your head now  
Stare them all down  
If they come back around  
You'll be alright  
And when the journey gets tough  
Just know that you're enough  
You're like a warrior  
Keep up the fight

The darkness can be such a lonely place on your own  
I'll be your compass so you'll never feel alone

Don't wait for the world to be ready  
Who says you can't explore  
Who says you can't explore  
Don't wait for the world to be ready  
Find what you're looking for  
Find what you're looking for

Don't don't don't wait

Don't you wait, no  
Don't don't don't wait

Don't don't don't wait  
Don't you wait, no  
Don't don't don't wait

Don't wait for the world to be ready  
Who says you can't explore  
Don't wait for the world to be ready  
Find what you're looking for  
Find what you're looking for

Don't wait for the world to be ready  
Who says you can't explore  
Who says you can't explore  
Don't wait for the world to be ready  
Find what you're looking for  
Find what you're looking for
