Gravity - John Mayer

Gravity is working against me And gravity wants to bring me down Oh, I'll never know what makes this man With all the love that his heart can stand Dream of ways to throw it all away Oh, gravity is working working against me And gravity, it wants to bring me down Oh, twice as much ain't twice as good And can't sustain like a one half could It's wanting more That's gonna send me To my knees (guitar solo) Twice as much, ain't twice as good Can't sustain like one half could it's wanting more that gonna send me to my knees woah, woah, gravity, stay the hell away from me woah woah, gravity, has taken better men than me how could that be? Just keep me where the light is Come on, keep me where the light is shining Come on, keep me where the light is shining
