

# Teenage Fantasy – Joria Smith

You weren't the boy I thought I knew  
Maybe I was blind, I was young, I didn't have a clue  
You were the topic of my lunch times  
I'd bore the girls about our chats  
And get upset when you didn't text back  
I was warned by my brothers to find another lover  
And I was warned by my brothers to find another lover  
Stop falling for these boys who didn't want the same as me  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it (want it)  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it  
I've got a lot of things to do  
What if I had been a fool  
And thought I was in love with you?  
I need to grow and find myself  
Before I let somebody love me  
'Cause at the moment I don't know me (hmm)  
When I was told by my father  
If I look into the future  
Do I really see this boy  
That I think I've fallen for  
And I was told by my mother  
If I look into the future  
Do I really see this boy  
That I think I've fallen for  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it, no  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it  
When we are young  
We all want someone

Who we think is the one  
Just to fit in  
There's no need to rush  
Take your time  
Life's a big old ride  
Sit back and enjoy the vibe  
When we are young  
We all want someone  
Who we think is the one  
Just to fit in  
There's no need to rush  
Take your time  
Life's a big old ride  
Sit back and enjoy the vibe  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it  
We all want a teenage fantasy  
Want it when we can't have it  
When we got it we don't seem to want it
