

Don't Lose Your Heart Tonight – Joy Peters

Ah-hah-ah

Don't lose your heart this way

Ah-hah-ah

Don't lose your heart

In your eyes I can see

What it means loving secretly

He so cold, cold as ice

And he knows that you pay the prize

Ah-hah-ah

Don't lose your heart this way

Ah-hah-ah

Don't lose your heart

In the rain, in the night

You have wished that he takes your pride

You can't help feel this way

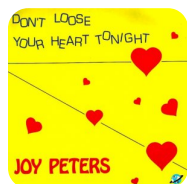

But I know you'll regret one day

Ah-hah-ah

Don't lose your heart this way

Ah-hah-ah

Don't lose your heart
