

# Angel – Judas Priest

Angeeel - put sad wings around me nooow  
Protect me from this woorld of sin  
So that we can rise again

Oh, angeeel - we can find our way somehow  
Escaping from the world we're in  
To a place where we began

And I know we'll find  
A better place and peace of mind  
Just tell me that it's all you want -  
For you and me  
Angel, won't you set me free?

Angel - remember how we'd chase the sun?  
Then reaching for the stars at night  
As our lives had just begun

When I close my eyes I hear your  
Velvet wings and cry  
I'm waiting here with open arms -  
Oh, can't you see?  
Angel, shine your light on me

Angel - we'll meet once more - I'll pray  
When all my sins are washed away  
Hold me inside your wings and stay  
Oh, angel - take me far away

Put sad wings around me now  
Angel, take me far away  
Put sad wings around me now  
So that we can rise again

Put sad wings around me now  
Angel, take me far away

Put sad wings around me now  
So that we can rise again
