

Change the world – Julia Kapłon

Something has changed, I don't even know what
It's been like that lately
I have to complete the task
No one does this
I'm running
I don't know why, but I'm running, somewhere
To fix something, to change the world
I'm running
I don't know why, but I'm running somewhere
To fix something, to change the world
I'm running
Is it just me?
The sun and rain call to me
I feel it, I feel it
I'm getting chills, my skin, oh
The best gun won't work
It's about to start, oh
I'm running
I don't know why, but I'm running, somewhere
To fix something, to change the world
I'm running
I don't know why, but I'm running, somewhere
To fix something, to change the world
I'm running, I'm running, I'm running, ooh
I'm running
I don't know why, but I'm running, somewhere
To fix something, to change the world
I'm running
I don't know why, but I'm running, somewhere
To fix something, to change the world, ooh
