

Straight To My Heart – Julian

A moonlight invitation
And the combination
A queen, a rose and a dance
Was something in the night here
Hit me like a new there
To see, two hearts take a chance
And I want it
And I need her, oh, so much
I love it
She's gone straight to my heart
I'm dealing like a man out of control
Gonna, gonna go
Straight to my heart
I'm feeling like a man
I can't let go
She's gone, she's gone
Gonna let me open
Uuh
Straight, straight to my heart
I love to love you baby, I'm out of control
Uuh
Straight, straight to my heart
I'm feeling like a man, I'm out of control!
There's no were oh in revival
To teach you heart-survivor
From love too strong for one man
'Cause helpless is the feeling
When your love's believing
A queen, a rose and a dance
And I want it
And I need her oh, so much
I love it
She's gone straight to my heart
I'm dealing like a man out of control
Gonna, gonna go
Straight to my heart

I'm feeling like a man, I can't let go
She's gone, she's gone
Gonna let me open
Uuh
Straight, straight to my heart
I love to love you baby, I'm out of control
Uuh
Straight, straight to my heart
I love to love you baby, I'm out of control
