

## 2U – Jungkook

No limit in the sky  
That I won't fly for ya  
No amount of tears in my eyes  
That I won't cry for ya, oh no  
With every breath that I take  
I want you to share that air with me  
There's no promise that I won't keep  
I'll climb a mountain, there's none too steep  
When it comes to you, there's no crime  
Let's take both of our souls, and intertwine  
When it comes to you, don't be blind  
Watch me speak from my heart  
When it comes to you  
Comes to you  
Want you to share that  
When it comes to you  
Cupid ain't a lie  
Arrow got your name on it, oh yeah  
Don't miss out on a love  
And regret yourself on it, oh  
Open up your mind, clear your head  
Ain't gotta wake up to an empty bed  
Share my life, it's yours to keep  
Now that I give to you all of me, oh  
When it comes to you, there's no crime  
Let's take both of our souls, and intertwine  
When it comes to you, don't be blind  
Watch me speak from my heart  
When it comes to you  
Comes to you  
Want you to share that  
When it comes to you, there's no crime  
Let's take both of our souls, and intertwine  
When it comes to you, don't be blind  
Watch me speak from my heart  
When it comes to you

Comes to you  
It comes to you  
It comes to you
