

# Randy – Justice

Get up and shake it up  
It's time that you listen up and hear  
The call  
They love the waterbed and not your own  
Fire packed against the wall  
Don't stop  
Try to make your mark and make your mind up  
Don't stop  
Work it out and try to make it  
Randy  
Get yourself together  
Got to get it up to make it better  
Randy  
You don't have to suffer  
Step outside and find yourself a lover  
You'll know you are loved  
When it's time  
Don't you know  
Play with fire  
When you know you've arrived  
When it's time  
Keep it slow  
Shoot it high  
Hold on to what you've got and strike  
While the iron's hot  
Put up a fight  
Those days are good and gone  
Keep up, keep on going strong through the  
Night  
Don't stop  
Try to make your mark and make your mind up  
Don't stop  
Work it out and try to make it  
Randy  
Get yourself together  
Got to get it up to make it better

Randy  
You don't have to suffer  
Step outside and find yourself a lover  
You'll know you are loved  
When it's time  
Don't you know  
Play with fire  
When you know you've arrived  
When it's time  
Keep it slow  
Shoot it high  
Oh  
Feels like the latest version  
Now that the wind is turning soft and cool  
Next up a new dimension  
Find something fresh and someone just for you  
Don't stop  
Try to make your mark and make your mind up  
Don't stop  
Work it out and try to make it  
Randy  
Get yourself together  
Got to get it up to make it better  
Randy  
You don't have to suffer  
Step outside and find yourself a lover  
You'll know you are loved  
When it's time  
Don't you know  
Play with fire  
When you know you've arrived  
When it's time  
Keep it slow  
Shoot it high
