

First Time He Kissed A Boy – Kadie Elder

Troubled face
Headphones on
Forgetting time and place
All he wanted
Feeling stuck
Set him free
Running out of luck
On his knees
First time he kissed a boy
He had never never known
Cover up is what they told
Feel so cold
First time he kissed a boy
He had never never loved
Walks on a curvy road
Feel so cold
Keeping back
The ghost inside
Locked him in a pack
All his life
All his life
First time he kissed a boy
He had never never known
Cover up is what they told
Feel so cold
First time he kissed a boy
He had never never loved
Walks on a curvy road
Feel so cold
Get lost
Get lost
Get lost
Get lost
Get lost
Get lost
Get lost

Get lost

First time he kissed a boy

He had never never known

Cover up is what they told

Feel so cold

First time he kissed a boy

He had never never loved

Walks on a curvy road

Feel so cold
