

# We Will Rave – Kaleen

Ice running through my veins  
You just did it again  
Go, 'cause I can't be your friend  
I'm cold, but this is not the end  
So I go, go, go  
Where them broken-hearted go  
No one knows a thing  
About my heart and soul  
I go-o-o  
Wanna dance it off alone  
I won't let it show  
They will never know  
When the darkness hits  
And we can't be saved  
We ram-di-dam-dam-dam  
We will rave  
When our hearts are burning  
We feel no pain  
We ram-di-dam-dam-dam  
We will rave  
We ram-di-dam-dam-dam  
We ram-di-dam-dam-dam  
We ram-di-dam-dam-dam  
(We will rave)  
(We will rave)  
(Rave, rave ra-ra-ra-ra)  
(-----)  
We will rave  
(-----)  
See only silhouettes  
I just wanna forget  
About everything we said  
And the demons in my head  
So I go, go, go  
Where them broken-hearted go  
No one knows a thing

About my heart and soul  
I go-o-o  
Wanna dance it off alone  
I won't let it show  
They will never know  
When the darkness hits  
And we can't be saved  
We ram-di-dam-dam-dam  
We will rave  
When our hearts are burning  
We feel no pain  
We ram-di-dam-dam-dam  
We will rave  
We ram-di-dam-dam-dam  
(-----)  
We will rave  
(-----)  
We will rave  
(-----)  
We will rave  
(-----)  
We will rave  
When the darkness hits, and we can't be saved  
We ram-di-dam-dam-dam  
We will rave  
When our hearts are burning  
We feel no pain  
We ram-di-dam-dam-dam  
We will rave  
We ram-di-dam-dam-dam  
We will rave  
We ram-di-dam-dam-dam  
We will rave  
We ram-di-dam-dam-dam  
We will rave
