

Never Be Yours – Kali Uchis

Left, right, left, right
Get that all night
Get it right
Get it right
New chain, you changed
Here's your receipt
Get it right
Get it right
Hello Kitty, why the long face?
You keep on standin',
Standin', standin' in the same place
New coupons,
Riding in the Chevrolet with big bass
You're deep on talkin',
talkin' 'bout how we all lack taste
Beamer (beamer), Bentley (Bentley)
Make me (make me), spend me (spend me)
New chain (new chain), you changed
Here's your (here's your) receipt (receipt)
B-b-b-bring me down, tear me up
Take my very last buck
Go to class, kiss my ass
It'll bring you good luck
B-brighten up, lighten up
What is it they're fighting for?
Slow it down, speed it up
Here's the cake they're biting for
I'm not gonna be yours right now
'Cause I'll never be yours no how
I'm not gonna be yours right now
'Cause I'll never be yours
Hello Kitty, why the long face?
You keep on standing,
Standing, standing in the same place
New coupons riding
in the Chevrolet with big bass

You're deep on talking,
talking, 'bout how we all lack taste
I'm not gonna be yours right now
'Cause I'll never be yours no how
I'm not gonna be yours right now
'Cause I'll never be yours
