Nine Milion Bicycle – Kate Melua

There are nine million bicycles in Beijing That's a fact It's a thing we can't deny Like the fact that I will love you till I die

We are twelve billion light years from the edge That's a guess No-one can ever say it's true But I know that I will always be with you

I'm warmed by the fire of your love everyday So don't call me a liar Just believe everything that I say

There are six billion people in the world More or less And it makes me feel quite small But you're the one I love the most of all

We're high on the wire With the world in our sight And I'll never tire Of the love that you give me every night

There are nine million bicycles in Beijing That's a fact It's a thing we can't deny Like the fact that I will love you till I die

And there are nine million bicycles in Beijing And you know that I will love you till I die
