

# Blame it on the moon – Katie Melua

Gonna blame it on the moon,  
Didn't want to fall in love  
Again so soon  
I was fine, feeling strong,  
Didn't want to fall in love  
With anyone  
Now  
That it's gone too far to call for a halt,  
I'll blame it on the moon  
'Cause it's not my fault;  
I didn't think that this would  
Happen so soon  
So I'll blame it on the moon  
I was happy to be free  
Didn't think I'd give myself  
So easily  
Guilty feelings in the night  
As I wonder is it wrong  
To feel so right  
Now  
That it's gone too far to call for a halt,  
I'll blame it on the moon  
'Cause it's not my fault;  
I didn't think that this would happen so soon  
So I'll blame it on the moon  
Now  
That it's gone too far to call for a halt,  
I'll blame it on the moon  
'Cause it's not my fault;  
I didn't think that this would happen so soon  
So I'll blame it on the moon  
So I'll blame it on the moon
