

# Band-aids – Katy Perry

Hand to God, I promised, I tried  
There's no stone left unturned  
It's not what you did, it's what you didn't  
You were there, but you weren't

Pre-Chorus

Got so used to you letting me down  
No use tryna send flowers now  
Telling myself you'll change, you don't  
Band-Aids over a broken heart

Chorus

Tried all the medications  
Lowered my expectations  
Made every justification  
Bleeding out, bleeding out, bleeding out slow  
Band-Aids over a broken heart

Verse 2

On the bright side, we had good times  
Never faked our pictures  
We were perfect 'til we weren't  
Now we've got too many splinters

Pre-Chorus

Got so used to you letting me down  
No use tryna send flowers now  
Telling myself you'll change, you don't  
Band-Aids over a broken heart

Chorus

Tried all the medications  
Lowered my expectations  
Made every justification  
Bleeding out, bleeding out, bleeding out slow  
Band-Aids over a broken heart

It's not that complicated (Uh-huh)

To ask me how my day is  
I'm flatlining trying to save this  
Bleeding out, bleeding out, bleeding out slow  
Band-Aids over a broken heart

Bridge

If I had to do it all over again

I would still do it all over again

The love that we made was worth it in the end

Oh yeah, oh yeah

If I had to do it all over again

I would still do it all over again

The love that we made was worth it in the end

Oh yeah

Chorus

Tried all the medications

(All the medications)

Lowered my expectations (Oh-oh)

Made every justification (Oh)

Bleeding out, bleeding out, bleeding out slow

Band-Aids over a broken heart
