

Pendulum – Katy Perry

You got patina, ain't so green, no
You earned this spot, got your receipts, yeah
Funny, gotta add addendums to your dreams
Still you never sleep, no, you never sleep, ah
Oh, you learned to dance, to bob and weave, yeah
To let that water roll off easy, yeah
You grew yourself above the weeds
Taller than the trees, oh

So, don't try and reinvent your wheel
'Cause you're too original
Baby, just stay classic
Ain't broke, ain't broke, don't fix it
Your highs, your lows, just ride it

It's a pendulum, it all comes back around
It's a pendulum, it's a pendulum
Life's a pendulum, it all comes back around
It's a pendulum, it all comes back, it all comes back

So, just take those punches on the chin, yeah
Don't fight the changes in the wind, no
'Cause you'll find your way home, oh
If you find a way to let go
Just let go

Don't try and reinvent your wheel
'Cause you're too original
Baby, just stay classic
Ain't broke, ain't broke, don't fix it
Your highs, your lows, just ride it

It's a pendulum, it all comes back around
It's a pendulum, it's a pendulum
Life's a pendulum, it all comes back around
It's a pendulum, it all comes back,

It all comes back around

And there is no need to worry

The pages keep on turning

And it goes on and on

Comes all the way around

There is no need to hurry

If there's a fire burning

'Cause it goes on and on

Comes all the way around

All the way around, around

Hey, all around (all the way around)

Ain't broke, ain't broke, don't fix it

Your highs, your lows, just ride it
