Gangsta – Kehlani

I need a gangsta To love me better Than all the others do To always forgive me Ride or die with me That's just what gangsters do

I'm fucked up, I'm black and blue I'm built for it, All the abuse I got secrets, That nobody, nobody, nobody knows I'm good on, That pussy shit I don't want, What I can get I want someone, With secrets That nobody, nobody, nobody knows

I need a gangsta To love me better Than all the others do To always forgive me Ride or die with me That's just what gangsters do

My freakness Is on the loose And running, All over you Please take me To places, that nobody, nobody knows You got me hooked up on the feeling You got me hanging from the ceiling Got me up so high I'm barely breathing So don't let me, don't let me, Don't let me, don't let me go

I need a gangsta To love me better Than all the others do To always forgive me Ride or die with me That's just what gangsters do Do, oh
