

# Love In Times Of Death – Kidburn

Freddie used to sing  
"too much love will kill you " baby  
We tried to hold a fire  
With our wings  
Out in the cold  
Waiting the night  
In the middle of a burning bridge  
Flames in your eyes  
We proudly show our wounds  
While people keep on saying  
We're doomed  
We fell in Love  
In times of Death  
We killed each other  
With no regrets  
Love in times of Death  
Love with no regrets  
Let me see your hands  
They're dirty just like mine  
You've always been a liar  
But somehow  
You had to survive  
Waiting the night  
In the middle of a raging war  
I hold you tight  
We tried to break the rules  
But they say  
That we're just fools  
We fell in Love  
In times of Death  
We killed each other  
With no regrets  
Love in times of Death  
Love with no regrets  
Love in times of Death  
Love with no regrets

(instrumental)  
We fell in Love  
In times of Death  
We killed each other  
With no regrets  
Love in times of Death  
Love with no regrets
