

# Ready to strike – King Kobra

Up here on this tightrope  
Tryin' not to fall  
The spotlight is on me tonight  
I wanna have it all  
Feelin' stronger  
I'm a wild beast in my prime  
I need to feed my appetite  
I've got to make you mine  
And you can't fight this obsession  
It's a dam that's bound to break  
I was born with this aggression  
There is no escape  
'Cause I'm ready to strike  
Cocked and loaded tonight  
I'm ready to strike  
I've got you in my sight  
I'm ready  
I've got these primal instincts  
These animal desires  
And I know that you know the kind of  
Urges you inspire  
It's a hunger  
I'm a raging carnivore  
As soon as I devour you  
I'm ravenous for more  
And I'll give you private lessons  
On survival in the wild  
Leave some permanent impression  
Make a woman of a child  
And I'm ready to strike  
Cocked and loaded tonight  
I'm ready to strike  
I've got you in my sight  
I'm wild, I'm an animal  
I need to feed my appetite  
I'm waiting and ready to strike

I'm ready to strike  
Cocked and loaded tonight  
I'm ready to strike  
Cocked and loaded tonight  
Ready, ready, ready  
Ready to strike  
Ready, ready, ready  
Ready to strike
