

Bomba – Kontrast

Prrrrrrrueba de bomba
Prueba de bala
De bomba
Prueba de bala, de rotura
Switch your dream and forget
Got to switch your dream and forget
Got to switch your dream and forget
Got to switch your dream - forget to dream on
You can persist
And I can resist
But I build my own castle
Build it out of air
I've got the key
And you've got to see that
Nightmares are never fair
You see I see nothing
A – I – E – I – A – I – E – I - O
You see I see nothing
A – I – E – I – A – I – E – I - O
I can resist and do you know what?
I can resist and do you know what?
I can resist and do you know what?
I am your daydreamer
I close my eyes
Don't wake me up
I close my eyes
I feel the dark
I close my eyes
Don't wake me
Turn off the lights
Prrrrrrueba de bomba

Bomba - prueba de
Forget to dream on

Bomba - prueba de bala
Forget to dream on
Bomba - prueba de
Forget to dream on
Forget to dream on
You can persist
And I can resist
But I've never ever tried
To fade out the real thing
Something's for sure
And some things are fact that
You can't reject, neglect
Come what comes!
Lights will shine - Won't you follow me?
Cold sweat - cold ice
Come on! Come on what comes!
I can resist and do you know what?
I can resist and do you know what?
I can resist and do you know what?
I am your daydreamer
I close my eyes
Don't wake me up
I close my eyes
I feel the dark
I close my eyes
Don't wake me
Turn off the lights
