

Christmas vibes – Krystian Ochman

Christmas vibes

I wanna show you a good time

Baby, please, give me a smile

We don't know when we don't try

Christmas vibes

The snow is shining brighter

Than the newborn child

Oh, I can see you're far

You're my holiday star

Christmas vibes

The girls are caroling

The guys are dressed to impress the ladies

Everyone just cheers, you're finally here

Christmas time is near

Christmas vibes

The girls are caroling

The guys are dressed to impress the ladies

Everyone just cheers, you're finally here

Christmas time is near

Christmas bells will ring

Oh, Christmas voices will sing

La-da-da-da-da-da-da

Christmas bells will ring

Oh, Christmas voices will sing

La-da-da-da-da-da-da

Christmas, please don't leave

Say goodbye, I'll be

Waiting under

The Christmas tree
